

November 2022

Oswego High School Junior,

The SAT has become a rite of passage for juniors. The SAT is still important for college planning as it is used not only for admissions, but also for placement and scholarship money. Illinois will be paying for every student in the Class of 2024 to take the SAT on April 12, 2023. To prepare its junior class, Oswego High School has invited ExcelEdge to offer **SAT 1600**.

**Give yourself the Edge.** A leader in Midwest test preparation, ExcelEdge has meticulously analyzed this College Board SAT to ensure students receive a highly specialized program tailored to the test. You can count on experienced instructors who are certified content specialists to teach you point-producing offensive and defensive strategies to navigate difficult items. Our teaching team will show you exactly what to expect on this test. We will teach you how to eliminate choices, how to answer items quickly, and how to maximize your score. By completing the program in the weeks just before the SAT, students can master test content and strategy and put these skills to immediate use.

**Register for SAT 1600.** To join our program, please visit the ExcelEdge website – [www.exceledgeinc.com](http://www.exceledgeinc.com). Tuition is \$325, which includes a textbook. **Registration is now open and closes on January 13th, a late fee will be added after that date if the class is still available.** Other classes and locations are available on the website.
